STUDENT SHARED HOUSE GUIDELINES AND AGREEMENT

Congratulations on having made the decision to study in the US. Choosing to live with a shared house owner can be one of the most important decisions you make, affecting your development for years to come. You will be dealing with different cultural values, language barriers, and social issues. Some adjustments need to be made by you as well as by your shared house owner. What we hope is to make this a valuable experience for you, both in terms of education and personal satisfaction. In order to assure that you have a safe, rewarding and educational experience, our organization has established the following guidelines. It is essential that you read and understand them.

1. **Housing Application Fee:**

College Students - A non-refundable application fee is due with your application. Airport Pick Up is not included.

Housing Damage Deposit-This is due with your application. Your deposit is refundable with no damage to shared house properties, with a written notice from 2 weeks to 30 days depending on the shared house owner's policy given to your shared house owner. We will refund after you move out. Please note that deposit must be requested within six months of move out.

Host may host more than one International student. They are very excited to host International students.

4. **House Rules:** Please follow the rules of your shared house owner. Each owner will have their own rules and lifestyle. Many families will have the rules written for you. Your shared house owner has kindly allowed you to become a part of their owner, for which they deserve your appreciation and respect. What your shared house owner requires of you may be different from what your friends' host families require of them.

5. **Household Duties:** Please remember to clean up after yourself (washing dishes, turning off electrical appliances) You must keep your room and shared bathroom clean and organized at all times, which includes making your own bed and washing your own clothes.
